NEPAL

Message

I am happy to extend my good wishes to the UK-Nepal Friendship Society for its publication 'The UK Nepali Community: A Transcultural Information Resource.'

I believe the book and the thematic information it comprises will fulfil the purpose of Nepali community in the United Kingdom, and at the same time, contribute to profiling Nepal in cultural tourism sector and Nepal-Britain business fronts. I am hopeful that the publication like this will assist in deepening Nepal-Britain friendship and treasuring special relationship.

I wish to thank the UK-Nepal Friendship Society and those involved in the publication of this book.
